Summer Newsletter

2010-2011

PRINCIPAL'S MESSAGE

Greetings and welcome to the 2010-2011 school year! I hope you are able to find time to relax and enjoy the presence of family and friends this summer. As a returning member to the Centennial High School administrative team, I am looking forward to sharing many new opportunities and experiences with the students, parents and staff. Previously, I was part of the Centennial staff as a coach, the Activities Director and an Assistant Principal. As the principal of the school I am excited at the opportunity to once again be part of this superb educational community.

The Centennial staff will provide the students with an education that exhibits both high academic and character expectations. Our staff is committed to making a difference in the life of each child through a rich and rigorous curriculum and through real world experiences that will prepare the students for adulthood. The diverse course offerings and relevant experiences will prepare our students for future opportunities. We encourage parents to track the academic success of students through the use of the Power School Parent feature that can be accessed through the district web site. The site will be accessible once school begins with the use of a specific parent username and password. A username and password can be

obtained during registration or by coming into the school.

The storied Centennial tradition and culture is laced with high standards in and out of the classroom. Active student participation in the numerous clubs, organizations, activities and athletic teams is desirable, as is the strong and positive support from the parents and the community. We will persuade our students to be involved in one or more of the extracurricular opportunities that are offered. A successful, positive and worthwhile experience is guaranteed!

As you browse this issue, please make note of the dates and times for registration. All students that have preregistered will receive a mailing with additional registration information. **It is important to note that a student must be preregistered in order to register.** If a student needs to preregister, their counselor can be contacted at the school after August 10th.

Centennial High is committed to providing a positive learning experience to students. High school is an important time for students. Our staff is here to assist the students with their educational journey. Enjoy the remainder of the summer!

—David Moser, Principal
